CAREER OBJECTIVE:

I have a great passion for programming, which inspired me toward web development. Now I want to select that passion as my full-time career. I have web developer experience in Tailwind, React JS, Next JS, Redux, Express JS, and MongoDB, and learn new technology every day.

SKILLS:

Expertise: HTML, CSS, Bootstrap, Tailwind, React JS, Firebase, Next JS, Redux, and Typescript.

Comfortable: JavaScript, Rest API, Express JS, MongoDB

Familiar: Typescript, Redux, React Native, Socket IO

Tools: GitHub, Chrome Dev Tools, Visual Studio Code, Node Package Manager

PROJECTS:

Used Product Resale Service (Laptop) **[Client](#) | [Server](#) | [Live-Site](#)**

Features:
- Here, admins can delete any of the users, upload products, and verify a seller
- Here, the seller can upload her product, advertise his product, and delete her product.
- Here, buyers can buy any product online and also buy a product from the seller directly.

This web application is built using: HTML, CSS, Tailwind, React JS, Express JS, MongoDB, JWT Token, and Firebase Authentication.

Cloud Kitchen Service **[Client](#) | [Server](#) | [Live-Site](#)**

Features:
- Here, users can order their food and review any items.
- Users can see other users' reviews for these items on this application.
- This application lets users see what type of food it is and how to make it.

This web application is built using: HTML, CSS, Tailwind, React JS, Express JS, MongoDB, JWT Token, and Firebase Authentication.

Doctors Portal **[Client](#) | [Server](#) | [Live-Site](#)**

Features:
- Here, a patient can book an appointment.
- Patients also paid their appointment fees.
- Here, the admin has an admin route.

This web application is built using: HTML, CSS, Tailwind, React JS, Express JS, MongoDB, JWT Token, and Firebase Authentication.

My best projects: [Hubnex Media](#), [Personal AI-Saas](#), [Portfolio-With-Next-JS](#), [Inventory Management Server](#)

EDUCATION

Diploma, Power Technology **4 Years (2015 to 2019)**
Feni Polytechnic Institute

LANGUAGES
- Bangla: Native, English: Intermediate
